Ship Tiles

Engines

Placement: Must face rear. Must have empty space behind.

Use: Movement during "Open Space." Double engines count 2 if battery spent, else 0.

Cabins

Placement: Normal rules apply.

Use: Can hold 2 crewmates or 1 alien (if attached to life support)

Cargo Holds

Placement: Normal rules apply.

Use: Holds cargo cubes. Red cubes require red holds, others fit in any.

Cannons

Placement: Requires empty space ahead. Side or rear cannons count 1/2.

Use: Destroy large meteors. Side or rear cannons protect adjacent rows/columns. Double cannons count double if battery spent, else 0.

Shields

Placement: Normal rules apply.

Use: Spend 1 battery to protect from light cannon fire or small meteor hitting exposed connector.

Batteries

Placement: Normal rules apply.

Use: Spend to power double cannons, double engines, and shields.

Life Support

Placement: Only useful if next to cabin.

Use: May replace adjacent crew with alien. Purple alien +2 cannon strength (if ≥ 1 cannon). Orange alien +2 engine power (if ≥ 1 engine). Count as 1 crew except for giving up. Max 1 alien of each color.
